ABOUT

Motivated and detail-oriented computer science student with a strong foundation in Java, C, Python, SQL and data structures. Eager to leverage my technical skills and passion for software engineering and contribute to a dynamic development team. A dedicated team player with a positive attitude and a strong work ethic.

SKILLS

- Programming Languages: Java, C, Python
- Database Management: SQL
- Data Structures and Algorithms
- HTML and CSS
- Attention to Detail
- Teamwork and Collaboration

EDUCATION

2021 - 2025

Third year student at Afeka College of Engineering, pursuing a Bachelor of Science in Computer Science.

Military Service

Combat soldier at the paratrooper's brigade.

During my military service I was the battalion's navigator, my roll was to decide and plan the battalions route during operations.
